Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
The Junction at the top of this proposed development onto the main road is hazardous at the best of times, I walk past there every day and notice it can really be a problem when trying to pull out of what is quite a steep hill, especially when HGV's are negotiating what is a really tight blind bend, even with what are currently quiet volumes of traffic, it is a notably bad place to either cross the road on foot or pull out in a vehicle. Adding to this with the obviously increased traffic flow will undoubtedly create problems, I doubt I am alone in thinking this would be a very dangerous spot and a really bad idea for local traffic which otherwise would be a nice addition to local housing.
