Erection of micro brewery and associated works (within a Conservation Area)

Date Responded: 08/05/2025
Responding Officer: JD
Responding Ref: CA23

The trees located are protected under Holmfirth conservation area. However, all trees on or adjacent the site would not merit a TPO which is the only form of protecting the trees further should they wish to be removed.

The submitted plans look to be achievable without any impact on the surrounding trees due to the nature of the current topography.

There are no objection and no further comments from KC trees.
