I wish object to the materials that are planned to be used, inparticular the roof and windows, this is not in keeping within a conservation area and the surrounding premises with the one exception of Balmforths mill itself. I would like to also object to the roof top terrace as i do not think neighbours have been properly consulted, the noise this will introduce, and potential rowdyness and the fact there is no planning notices posted near the proposed site to make locals aware of the planning application.
