Subject: 2025/90956

Good evening

Mirfield Town Council would like to place a holding objection on the above planning application.

Proposed Cllr Guy Seconded Cllr Lees-Hamilton All in favour

This is based on the unlawful felling of the poplar trees not on the leased land of the club, expiry of the current lease, the current parking situation for users of the park would be taken by the planning application, the vicinity to the Memorial Park entrance that was erected by Mirfield Town Council.

The council would also like confirmation what sanctions and investigations have been done regarding the felling of the poplar trees. The application form from Orange Design states that no trees would need to be felled and before anything granted the trees have been felled, these trees were planted for the Queens Coronation and a plaque was in situ relating to this.

Kind Regards

Mirfield Town Council
