Postcode:	HD5 8ER

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>The applicant has had a recent Application for a similar change of use refused. The new application is for a similar change of use but has reduced the number of children in the home from four to three. The reduction does not resolve the objections made previously</p> <p>The same objections still apply and the application should be refused.</p> <p>Fr View Crescent is a private domestic residential area and its whole character would be changed by allowing the registration to change to a commercial enterprise. The residents are predominately retired people who have worked their whole life to be able to live in a quiet enclave. This would be destroyed with the proposed change of use.</p> <p>The Crescent has limited on street parking and the change of use will significantly increase the volume of traffic and cause problems. Reducing the number of children will have limited effect. The traffic from support services and visitors will be the same.</p> <p>A children's care home should have sufficient space for recreation but this would not be the case with the proposal. The front of the property is block paved to allow for car parking. The garden to the rear is small and would restrict the children's activities</p> <p>The residents enjoy a quiet lifestyle. This would be destroyed and the character of the area radically changed.</p>
