<p>Great news it will bring a very positive impact for the locals and it's a great opportunity for the Muslim's around this area it will be a big blessing to have a mosque in walking distance i</p> <p>live close to the hall and it will be very convenient for me and my neighbours to walk there and will help save the environment from pollution and congestion because we will no longer need to drive 1.4 miles by car and there should be no issues with traffic around the hall because of the car park and most people being able to walk and it will help to reduce traffic in birkby area. Place of worship are not only for believes it's for everyone and this mosque can be the key for unity</p>
