<p>I support this application being a local resident of the Fartown area since 1984. We have always used the centre for voting only and for the vast majority of the time it has always been unused and falling into a state of disrepair with the car park looking like a scrap yard. At least now the building can benefit the local community in so many ways, including keeping local kids off the streets and encouraging it as a hub for the community. The car park will be kept clean and in regular use, and will enable the place to look more aesthetically pleasing. I'm in full support of this application to convert Fartown Village Hall into a mosque, and I believe this will be a valuable addition to the whole community and not just the muslim community.</p> <p>It wont be just a place of worship, but a centre for learning, and supporting youth in their difficult times.</p> <p>Mosques are not just religious buildings; they offer classes, community events, charity drives, and youth activities. This mosque will be open and welcoming to all, and will help meet the needs of the local community.</p> <p>There isn't a mosque in the Ashbrow ward and one which is within comfortable walking distance for many of us in this part of Fartown.</p> <p>There will be no real issues in terms of noise, parking, increased traffic etc.</p>
