<p>I am writing to express my full support for the proposed change of use from a village hall to a mosque in Fartown. I have been a resident of the area since 1988 and have witnessed the community evolve into a vibrant, multicultural neighbourhood with growing needs for local, inclusive spaces.</p> <p>The proposed mosque is within walking distance from my home, which would not only make it easily accessible for me and my family but also reduce the need for car travel—supporting environmental sustainability and easing traffic and parking concerns in the area.</p> <p>As a parent, I also see this as a valuable opportunity for my children. They are excited about the proposal and the idea of having a local hub where they can learn, connect with others, and develop a strong sense of community identity in a safe and welcoming environment.</p> <p>Transforming an underused building into a meaningful community space is a positive step, and I am confident that the applicant will ensure that the mosque is managed with consideration and respect for all neighbours.</p> <p>From my experience, mosques often promote values of respect, charity, and neighbourliness, all of which would benefit the surrounding area.</p> <p>I am confident that this project will be a positive and respectful addition to the neighbourhood.</p> <p>I wholeheartedly support this application and hope it is approved in the best interests of our growing community.</p>
