

**Town and Country Planning Act 1990**

**Town and Country Planning (Development Management Procedure) (England) Order  
2015**

**PLANNING PERMISSION FOR DEVELOPMENT**

---

**Application Number: 2025/62/91019/W**

---

**To:** Hamish Gledhill,  
Acumen Designers & Architects Ltd  
Headrow House  
Old Leeds Road  
Huddersfield HD1 1SG

**For:** THE PEACE HALL LTD

**In pursuance of its powers under the above-mentioned Act and Order the KIRKLEES COUNCIL (hereinafter called "The Council") as Local Planning Authority hereby permits:-**

**CHANGE OF USE FROM VILLAGE HALL F2(B) TO MOSQUE F1(F)**

**At:** FARTOWN VILLAGE HALL, BALL ROYD ROAD, FARTOWN,  
HUDDERSFIELD, HD2 1AN

---

**In accordance with the plan(s) and applications submitted to the Council on 23-Jun-2025, subject to the condition(s) specified hereunder:-**

1. The development hereby permitted shall be begun within three years of the date of this permission.

**Reason:** Pursuant to the requirements of Section 91 of the Town and Country Planning Act 1990.

2. The development hereby permitted shall be carried out in complete accordance with the plans and specifications schedule listed in this decision notice, except as may be specified in the conditions attached to this permission, which shall in all cases take precedence.

**Reason:** For the avoidance of doubt as to what is being permitted and to ensure the satisfactory appearance of the development on completion, and to accord with Policy LP1, LP2, LP7, LP21, LP22, LP24, LP27 LP30, LP43, LP48, LP52 of the Kirklees Local Plan, and policies within Chapters 2, 4, 8, 9, 12, 14 and 15 of the National Planning Policy Framework.

3. The development hereby approved shall not be brought into use until a vehicle parking and management plan has been submitted in writing to the Local Planning Authority. The vehicle parking and management plan shall include details of:

- i. Trip generation and expected parking demand at the site
- ii. Resident Liaison member of staff and contact details
- iii. Method(s) of informing resident of events taking place where high volumes of guests are expected. (for example this might include leaflet, text, website, notice board etc).
- iv. the use of car park attendant/s and marshals
- v. An overflow parking plan and the use of stacking within the existing car park.
- vi. Monitoring schedule of on-street parking generated by the development and the means of mitigation in the event of repeated anti-social parking and obstruction.
- vii. Promotion of the use of sustainable and active travel
- viii. Mechanism for review of the vehicle parking and management plan and undertaking of mitigation in relation to part vi of this condition.

The development shall not be brought into use until the submitted vehicle parking and management plan has been approved in writing by the Local Planning Authority. The development shall thereafter be operated in accordance with the approved vehicle parking and management plan.

**Reason:** This is a pre-occupation condition to ensure the site can be made safe and accessible and in the interests of highway safety, to ensure pedestrian safety and in the interests of residential amenity and to accord with LP21, LP22 & LP24 of the Kirklees Local Plan and Chapters in the National Planning Policy Framework.

4. The development hereby approved shall be operated in accordance with the measures specified within Appendix 4 titled 'Noise Action Plan' of the submitted Noise Impact Assessment authored by Acoustic Solutions dated 19 September 2025 Ref: AS25-71.V3

**Reason:** To ensure the proposed development does not cause harmful noise pollution within neighbouring noise sensitive locations, in the interest of amenity, to comply with the aims and objectives of Policies LP24 and LP52 of the Kirklees Local Plan and Chapters 12 and 15 of the National Planning Policy Framework.

5. Notwithstanding the submitted plans, 1.80m closed panelled fencing and gates shall be erected around the areas indicated as bin storage areas on site plan (100)04 revA and thereafter retained. Gates shall be lockable. The fencing and gates shall be retained thereafter.

**Reason:** In the interests of waste management and security, to achieve a satisfactory layout and to comply with Policies LP21, LP22, LP24 and LP43 of the Kirklees Local Plan and chapter 12 of the NPPF.

6. Prior to the first use of the development hereby permitted, the car park on the approved plans shall be fully constructed and completed. This shall include the proposed on-site car parking, turning and waiting areas, which shall be levelled, laid out, demarcated and surfaced in accordance with the car park as detailed within the red line boundary indicated on approved plan (100)05 revA. The parking and manoeuvring areas shall thereafter be retained and maintained and kept available for that specific purpose for the lifetime of the development.

**Reason:** To ensure the permanent availability of the parking and manoeuvring areas, in the interests of satisfactory development and highway safety, in accordance with Policies LP21, LP22 & LP24 of the adopted Kirklees Local Plan.

7. At no time shall noise amplification equipment be used externally.

**Reason:** To ensure the development has an acceptable impact as a result of noise to accord with policies LP24 and LP52 of the Kirklees Local Plan and policies within Chapters 12 and 15 of the National Planning Policy Framework.

**NOTE:** Please note that the granting of planning permission does not override any private rights of ownership and it is your responsibility to ensure you have the legal right to carry out the approved works, as construction and maintenance may involve access to land outside your ownership.

**NOTE:** Bats and the places they use for shelter or protection (i.e. roosts) are protected under the Habitats Regulations 2017 (as amended). They receive further legal protection under the Wildlife and Countryside Act 1981 (as amended). Section 43 of the Habitats Regulations makes it an offence to: deliberately capture, injure, or kill a bat; deliberately disturb bats; or damage or destroy a bat roost. Where a licence is required to derogate from the Habitats Regulations, a grant of planning permission does not constitute consent to proceed with the works insofar as they affect the species in question. The licence must be applied for separately from Natural England, be granted and all licence conditions be complied with for the works to proceed lawfully. Reason: In order that the proposals are implemented in accordance with the Wildlife and Countryside Act 1981 (as amended).

**NOTE:** No construction related noise should be audible beyond the site boundary outside the hours of: 07.30 to 18.30 hours Mondays to Fridays, 08.00 to 13.00 hours Saturdays. With no construction related noise audible beyond the site boundary on Sundays or Public Holidays. Kirklees Council has powers under Section 60 of the Control of Pollution Act 1974 to control noise from construction sites and may serve a notice imposing requirements on the way in which construction works are to be carried out. It has additional powers under Sections 80 of the Environmental Protection Act 1990 to prevent statutory nuisance including noise, dust, smoke and artificial light and must serve an abatement notice when it is satisfied that a statutory nuisance exists or is likely to occur or recur. Failure to comply with a notice served using the above-mentioned legislation would be an offence for which the maximum fine on summary conviction is unlimited.

**NOTE:** Kirklees Council has powers under Section 60 of the Control of Pollution Act 1974 to control noise from construction sites and may serve a notice imposing requirements on the way in which construction works are to be carried out. It has additional powers under Sections 80 of the Environmental Protection Act 1990 to prevent statutory nuisance including noise, dust, smoke and artificial light and must serve an abatement notice when it is satisfied that a statutory nuisance exists or is likely to occur or recur. Failure to comply with a notice served using the above-mentioned legislation would be an offence for which the maximum fine on summary conviction is unlimited.

## Plans and specifications schedule:-

Plan Type	Reference	Version	Date Received
Location plan	LOC	-	23 June 2025
Existing site plan	(100)02	A	23 June 2025
Proposed site plan	(100)04	A	26 February 2026
Existing floor plan	(100)01	A	23 June 2025
Proposed floor plan	(100)03		23 June 2025
Car park plan	(100)05	A	26 February 2026

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 and guidance in the National Planning Policy Framework, the Local Planning Authority has, where possible, made a pre-application advice service available, complied with the Kirklees Development Management Charter 2024 and otherwise actively engaged with the applicant in dealing with the application. Further information and plans were provided throughout the course of the application which were received and accepted.

### Development within a Coal Mining Area

The proposed development lies within an area that has been defined by the Mining Remediation Authority as containing coal mining features at surface or shallow depth. These features may include: mine entries (shafts and adits); shallow coal workings; geological features (fissures and break lines); mine gas and former surface mining sites. Although such features are seldom readily visible, they can often be present and problems can occur, particularly as a result of new development taking place.

Any form of development over or within the influencing distance of a mine entry can be dangerous and raises significant land stability and public safety risks. As a general precautionary principle, the Mining Remediation Authority considers that the building over or within the influencing distance of a mine entry should be avoided. In exceptional circumstance where this is unavoidable, expert advice must be sought to ensure a suitable engineering design which takes account of all relevant safety and environmental risk factors, including mine gas and mine-water. Your attention is drawn to the Mining Remediation Authority Policy in relation to new development and mine entries available at: [Building on or within the influencing distance of mine entries - GOV.UK](#)

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires a Mining Remediation Authority Permit. Such activities could include site investigation boreholes, excavations for foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Application forms for Mining Remediation Authority permission and further guidance can be obtained from The Mining Remediation Authority's website at: <http://www.gov.uk/get-a-permit-to-deal-with-a-coal-mine-on-your-property>  
[What is a permit and how to get one? - GOV.UK \(www.gov.uk\)](#)

In areas where shallow coal seams are present caution should be taken when carrying out any on site burning or heat focused activities.

If any future development has the potential to encounter coal seams which require excavating, for example excavation of building foundations, service trenches, development platforms, earthworks, non-coal mineral operations, an Incidental Coal Agreement will be required. Further information regarding Incidental Coal Agreements can be found here - <https://www.gov.uk/government/publications/incidental-coal-agreement/guidance-notes-for-applicants-for-incidental-coal-agreements>

If any coal mining features are unexpectedly encountered during development, this should be reported immediately to the Mining Remediation Authority on 0800 288 4242. Further information is available on the Mining Remediation Authority website at: [Mining Remediation Authority - GOV.UK](https://www.mra.gov.uk/)

### **Digital Infrastructure: Fibre To the Property (FTTP)**

Access to affordable and reliable broadband is necessary for Kirklees' residents, businesses, and visitors to take advantage of the growing digital economy and 'digital by default' services. Fibre optic cables direct to a property (FTTP) is the most reliable way of delivering high speed broadband connectivity and allows for gigabit internet speeds. Access to high quality digital infrastructure provides the foundations for, amongst other things:

- Economic prosperity – workforces that are digitally-literate enables business to thrive.
- Digital literacy – digital literacy and skills increase employability and people can exploit the internet for transactional, social, entertainment and learning purposes.
- New services – digital delivery can lower costs and provide innovative public and health services more conveniently.

It is therefore advised that digital infrastructure, including FTTP, and its benefits for the development be considered from the earliest feasible stage. Methods include working with Internet Service Providers to install digital infrastructure alongside other utilities or providing pre-infrastructure allowing for speedier installation at a later date.

**Note:** The provision of fibre infrastructure is often available from certain telecommunications providers free of charge for development over a certain scale, provided that sufficient notice is given. Notice periods are typically at least 12 months prior to first occupation. In some cases, providers may request a contribution from the developer.

**Note:** Where no telecommunications provider has been secured to provide fibre infrastructure by the time of highway construction, it is advised that additional dedicated telecommunications ducting is incorporated alongside other utilities to enable the efficient and cost-effective provision of fibre infrastructure in the future.

**Building Regulations Approval is required for most work involving building operations and/or structural alterations. It is the applicant's responsibility to find out if the work permitted by this planning permission needs approval under the Building Regulations, and if necessary to submit an application. If you are not the applicant can you please ensure the applicant is aware of this requirement. Contact Building Control on Tel No: (01484) 221550 for more information.**

**It is the applicant's responsibility to find out whether any works approved by this planning permission, which involve excavating or working near public highway and any highway structures including retaining walls, will require written approval from the Council's Highways Structures Section. Please contact the Highways Structures Section on Tel No. 01484-221000 Ext 74199 for further advice on this matter.**

#### **Details Reserved by Condition**

- **This permission has been granted subject to conditions. Some of the conditions may require you to submit further details. These conditions normally contain the wording "submitted to and approved in writing by the Local Planning Authority".**
- **You can apply online for approval of these details at the Planning Portals website at [www.planningportal.gov.uk](http://www.planningportal.gov.uk). Alternatively the forms and supporting guidance for submitting an application can be found online at [www.kirklees.gov.uk/planning](http://www.kirklees.gov.uk/planning).**
- **This Authority recognises the need to ensure that you are able to develop the site as effectively and flexibly as possible. However, at the same time it must ensure that development is in accordance with the terms of the planning conditions and legal agreement and the expectations of elected members and local residents set through the decision process.**
- **You should note the triggers for compliance with the conditions of this planning permission. This Authority is committed to processing applications to discharge conditions in a timely manner. It is important to ensure that submissions are made as far in advance of the trigger to allow time for adequate consultation, discussion and in some circumstances publicity.**
- **It is important that applications to discharge conditions are accompanied by sufficient information to enable this Authority and its consultees to fully consider and determine the proposals. Whilst officers will endeavour to negotiate solutions, failure to provide a comprehensive submission may result in delay and refusal of the application.**
- **If you commence work without discharging conditions you are at risk of enforcement action and invalidating your permission if the planning condition is a pre commencement condition.**

**Where the application has been publicised by notice(s) in the vicinity of the site. It is respectfully requested that the notice(s) now be removed and responsibly disposed of to avoid harm to the appearance of the area**

## Appeals to the Secretary of State

- If you are aggrieved by the decision of your Local Planning Authority to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.
- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your Local Planning Authority's decision on your application, then you must do so within:
  - i) 28 days of the date of service of the enforcement notice, or
  - ii) within the specified period, starting on the date of this notice,whichever period expires earlier.
- If you want to appeal against your Local Planning Authority's decision then you must do so within the specified period, starting on the date of this notice.
- The "specified period" is 12 weeks where the development relates to a "minor commercial application" as defined within the Town and Country Planning (Development Management Procedure) Order 2010 (as amended), or 6 months in any other case.
- Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/appeal-planning-decision>. Further information on the Planning Appeal process can be found online at the Planning Inspectorates website <https://www.gov.uk/government/organisations/planning-inspectorate>.
- You must use the correct Planning Appeal Form when making your appeal. If requesting forms from the Planning Inspectorate, please state the type of application that the appeal relates to so they can send you the appeal form you require.
- The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based their decision on a direction given by him.

Please note, only the applicant possesses the right of appeal.

#### Purchase Notices

- If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

An important part of improving our service is to review your feedback on the way that we have dealt with your planning application(s). Please take a couple of minutes to email your comments to [dc.admin@kirklees.gov.uk](mailto:dc.admin@kirklees.gov.uk) so that we can work on continually improving our customer service. Thank you.

Dated: 12-Mar-2026

Signed:

David Shepherd  
Executive Director for Place

#### Decision Documents

The decision notice indicates which documents relate to the decision. These documents can be viewed online at the Planning Services website at [www.kirklees.gov.uk/planning](http://www.kirklees.gov.uk/planning), and by clicking on the 'search planning applications and decisions' and by searching for application number 2025/62/91019/W.

If a paper copy of the decision notice or decided plans are required, please email [dc.admin@kirklees.gov.uk](mailto:dc.admin@kirklees.gov.uk) or telephone 01484 414746 with the application number. There may be a charge for this service.
