<p>1, the 'dormer' has been extended twice already and I feel that this would be overdevelopment</p> <p>2, the boundary line is incorrect , some of the land belongs to us</p> <p>3 , there are numerous cars parked in their yard at the moment where are all these going to go when building work takes place and after as the yard will be smaller</p> <p>4 , as the dormer will be bigger does that mean more people will inhabit again parking would be a issue if there is more cars</p> <p>5 , the road to the terrace houses would be affected if these cars where parked on the lane</p> <p>6, I feel that the double garage will tried to be made into another property further down the line , as the previous garage wasn't used and replaced with the side extension</p> <p>7, the extension to the back of property wil block the sun to my garden</p> <p>8 , the house would not have a green space as it would be all house drive and parking</p>
