The application seeks to discharge the condition as follows:

Condition 3i (Huddersfield Station Recording)

*No works of demolition shall take place until an approved methodology for full structure recording has been approved in writing with the local planning authority. Subsequent recording to the appropriate level (as recommended by Historic England) will take place prior to demolition and be deposited with the West Yorkshire Archive Service and West Yorkshire Historic Environment Record in accordance with the timescales agreed in the approved methodology. The following structures are the subject of this condition: i) The entire Huddersfield Station Roof (level 3)*

Assessment

The following details have been submitted:

- Historic Building Investigation and Recording. Transpennine route upgrade west, Huddersfield Station: Roofs A, B & C, Huddersfield, West Yorkshire by Oxford Archaeology, dated April 2025. Reference: L11502 V2.

Consultation Responses

*West Yorkshire Archaeology Advisory Service* - I have studied the final report documenting archaeological and architectural recording of the trainshed roof structure at Huddersfield Railway Station. This is satisfactory and I recommend that condition 3i relating to this is discharged.

Officer Assessment

The applicant has submitted the above Historic Building Investigation and Recording report, dated April 2025. West Yorkshire Archaeology Advisory Service have assessed the report and note the report is acceptable and condition 3i can be signed off as completed. The details are acceptable for the purposes of satisfying condition 3i.

**Recommendation:** Approve details pursuant to condition 3i.
