Subject: Consultation response 2025/91093 Huddersfield Railway Station, St George's Square, Huddersfield

This application outlines the aims an methods to be employed on the next phase of works at Huddersfield station in particular works to the roof trusses and works to the tea rooms. For the trusses a report (App D.2 - Roof A Trusses Preemptive Intervention Proposals) which identifies all interventions proposed for all the trusses. A sepersate report on the tea rooms (App C - Huddersfield Station - Tea Rooms Methodology compressed) identifies all the works needed to dismantle and reconstruct the tea rooms. These reports include description of works undertaken so fdar and of future proposed works to record and preserve elements of the station as works proceed, the works identified in the reports should be undertaken. As should the works identified in other reports submitted. On completion of the works an archive should be prepared of all thewporks undertaken to preserve the station and this should be submitted to WYAAS for incorporation in the West Yorkshire HER.
