2025/91185 building at, Back Chapel Lane, Moldgreen, Huddersfield, HD5 9BG

Demolition of redundant engineering building and erection of student accommodation block

Date Responded: 19/06/2025
Responding Officer: JD
Responding Ref:

There are no protected trees on or adjacent the site.

The current proposals suggest the removal of trees within the northwest corner of the site and a small amount from the northern boundary, whilst retaining G2. These are all fairly young, self-set, category C trees and their removal is acceptable to facilitate the development. G2 should be retained as these are higher value trees which would add to the setting of the new development.

The proposals look achievable and there would be no objection from the Trees team.
