Subject: RE: Attached letter from Kirklees Council regarding application number 2025/91202 at location Unit 800, Bretton Park Industrial Estate, Bretton Park Way, Savile Town, Dewsbury, WF12 9BS

Thank you for your email seeking HSE's observations on application **2025/91202** .

HSE is a statutory consultee for certain developments within the consultation distance of major hazard sites and major accident hazard pipelines, and has provided planning authorities with access to the HSE Planning Advice Web App - <https://pa.hsl.gov.uk/> - for them to use to consult HSE and obtain HSE's advice.

I would be grateful if you would ensure that the HSE Planning Advice Web App is used to consult HSE on this planning application and any future planning applications including any which meet the following criteria, and which lie within the consultation distance (CD) of a major hazard site or major hazard pipeline.

- residential accommodation;
- more than 250m² of retail floor space;
- more than 500m² of office floor space;
- more than 750m² of floor space to be used for an industrial process;
- transport links;
- or which is otherwise likely to result in a material increase in the number of persons working within or visiting the notified area.

There are additional areas where HSE is a statutory consultee. For full details, please refer to annex 2 of HSE's Land Use Planning Methodology: www.hse.gov.uk/landuseplanning/methodology.htm

NB HSE is a statutory consultee with regard to building safety (in particular to fire safety aspects) for planning applications that involve a relevant building.

A relevant building is defined in the planning guidance at gov.uk as:

- containing two or more dwellings or educational accommodation and
- meeting the height condition of 18m or more in height, or 7 or more storeys

If the planning application relates to Fire Statements and applications relating to relevant buildings, then these are not dealt with by the Land Use Planning team and instead they should be sent to

PlanningGatewayOne@hse.gov.uk

There is further information on compliance with the Building Safety Bill at
<https://www.gov.uk/guidance/fire-safety-and-high-rise-residential-buildings-from-1-august-2021> .

The Health and Safety Executive (HSE) is conducting a programme of research to understand the needs of people using the services for Planning Advice (including the planning advice web app), Hazardous Substance Consent and their related guidance. This helps us create services that work better for the public and for government. Participation is voluntary. If you would like to be informed about opportunities to participate, please read and complete this consent form:
<https://forms.office.com/e/twNqwPkE9x>. If you need a different format or have questions about this research, please contact the user research team on LUPuserresearch@hse.gov.uk and we will do our best to help. Thank you.

Regards

Nicki
