Good morning

Following on from my email yesterday objecting to planning permission for an extension to 34 Tolson Street, it appears that work is already underway and this highlights the issues around parking that I raised.

Please see the attached photographs of the work happening today, in particular the parking that has caused an immediate obstruction to the houses at the bottom of the cul de sac.

The white car in the driveway and the tarmac area the lorry is parked on is a through road to houses at the bottom of the cul de sac.
