<p>As residents of Tolson Street we are concerned about the negative impact on traffic and parking that may arise as a result of the extension at No. 34 Tolson Street. Parking is already an issue as when there are visitors to No.34 cars regularly block access to other properties, and we have even had cars parked on our lawn, and had to request they are moved.</p> <p>If the proposed extension results in additional residents, or in additional visitors and social events this will only increase these traffic and parking issues for other residents.</p>
