<p>Grasmere Road has limited parking spaces. The only available spaces are outside each house. When the college is sitting the street can be full of cars from students. The street is already busy with home owners and users of Greenhead Park. Layer on top of this a further 500 students and the surrounding streets will be unparkable for home owners. If you chose to allow the additional students you must make Grasmere road and the surrounding streets Permit only. However this will have an impact on users of the park. It says parking is immaterial to the proposed changes. I disagree, it is root and cause of the application. I understand that New College has opened new facilities outside of the area, which makes good sense, can not Greenhead College do similar. Imagine spreading their excellent skills to other areas in WY. That would be a good thing, wouldn't it.</p>
