<p>I have read the planning application for the 2021. I am surprised that a request to remove the ruling for a maximum number of pupils and staff wasn't contested at the time. Potential pupil/student numbers are available for 3+ years. If the issue is that the older building need to be replaced , surely that is a different planning application. If the college is in possession of data which validates an applicable to increase pupil numbers due to demand that should be included in the application. As far as I am aware the Local Authority is responsible for overseeing planning school/college places.</p> <p>The application seems to be a way round the maximum pupil/student numbers.</p> <p>Without more clarity on the short/medium term plans I object to the application as it stands.</p>
