<p>The property has limited access, the disruption caused during building will be massive on local residents due to nature of area. Previously the owners had applied for change of use I truly believe this will happen again if the property is extended. Parking is already a problem in area due to local infrastructure other properties in area that have been extended have had to include additional parking this property has not included any additional parking in plans. I do not believe the owners have an interest in local area or local residents. Since the property has been purchased no effort has been made to improve gardens which are over grown. Any extension to the property will impact on local residents with absolutely no community thought or consideration. I honestly believe this property will not be used as a residential property which does not fit in with local area I strongly object to this extension and feel the owners of the property have only commercial interest</p>
