The road is very narrow at this point and very close to a difficult bend, which is difficult to see passed, which will make access for 100+ extra vehicles an even more dangerous spot. Proximity to Honley High School is also an issue as there is already serious congestion at certain times of the day (drop off/pick up), and long tailbacks both at the bottom of Gynn Lane and Station Road - again, 100+ more vehicles reaquiring access would hugely exacerbate an already difficult situation. The woodland and rookery in this area, which is protected, would be disturbed at best and portions of it most likely 'lost' to make the access road wide enough to accommodate 2 vehicle width, which is totally unacceptable.
