<p>I am very concerned regarding the proposed development on Gynn lane. The construction of such a large undertaking will require the movement of heavy plant, materials and groundworks all of which will require transporting to the site via Gynn lane from Brockholes Road. The vehicles used for this will very large lorries which will have to negotiate a sharp bend and a narrow lane to gain access to the site thus blocking the road. As there is no alternative exit for these vehicles they would have to return back down Gynn Lane. Concern is for the pedestrians and also for the pupils from the High School accessing the playing fields. In addition it is essential for the 100 or so houses above the railway bridge to have 24/7 right of way down Gynn lane.</p>
