Spent hours going through all the objections and the facts and information are so damning that it would be a stupid decision to accept this application. Not to mention the junction has just been adjusted at the bottom of Gynn Lane, and this has been so poorly designed. It's just over 2 week old and I've already seen cars go the wrong way and a young boy on a bike knocked down at the obstacle course that is the pedestrian route. This in itself needs immediate attention.
