I do not agree with the proposed application. The traffic around Castle Hill using High Lane to get to Honley is causing congestion and problems for people that live on the road and the volume of traffic is dangerous. Thre is a need for housing but social housing is needed not more luxury housing that Kirklees insist on allowing when all that does is push house prices up and stops thr younger generation buying in their local area. There are plenty of brown field sites that need developing in Newsome Mills for one that could provide plenty of housing would it not be better to develop that site and protect the local wildlife?
