| I oppose the application on the following grounds.<br>1 The area is semi rural and is home to a large amount of wildlife whos habitat will be decimated.<br>2 The access to the site is totally unsuitable for the number of dwellings planned.<br>3 The main road junction is already the site of several accidents and in heavy rain floods.<br>4 The infrastructure is not suitable for the numbers planned, health services, education services are already under pressure.<br>5 The planned number of dwellings will have a detrimental effect on the people living in the area due to noise, pollution etc | |
