| Do you wish your comments to be published on the website anonymously? | Yes |
| I agree with and support all of the objection comments made so far regarding this planning application. The proposed development is not suitable for the area outlined in the application for all of the reasons described in other comments and should be Rejected in its entirety.<br><br>It will be a complete devastation of beautiful green belt countryside which is teaming with Wildlife. These poor animals need our protection, not desimate more of their land. This development will also cause the road to be congested with more cars and is a hazardous location for potential collisions. | |
