| I Wish to object on the basis of, Flood risk, mine shafts wildlife and access and increased traffic flow as have been detailed many times already.<br><br>Traffic comes around the corner art no's 30/32 quickly and at school times or when there are events at Neilley Field or the High school there are often cars double parked from here to Marsh Platt making it dangerous. Add in to this the additional traffic for the building workers and the plant mean it will cause issues. On top of this are the school employees who park for the day on Gynn Lane and the Garage who parks cars on the whole of this bottom part of Gynn lane it is going to make life very difficult. Please take this into account. | |
