When will Kirklees realise we don't need more 4/5 bedroom houses. In 20/30 years more people will be downsizing and the market will be flooded with these plain box houses. The roads in the area are bad enough and not safe for more vehicles There is problems with drainage and flooding and you do not upgrade anything. The roads to town are full from the Holme Valley because it doesn't have a decent rail or bus service. All you want is the extra income and as they are not in your back yard you are not bothered.
