Previous application for a housing development in Gynn Lane was suspended in10 March 2020 after a ‘section 19’ was issued, problems were caused by Ludhill Dyke during storms. The report had to be published when all party’s had investigated. A section 19 has rarely been issued in the past and reflects how problematic this issue was. Gynn Lane is not built for the increase of vehicles 50 houses would create, even with the recent traffic control islands which were built over the past three months, the exit from Gynn Lane onto New Mill Road is even more difficult especially at school times. How many more cars are going to be forced on to Honley’s small country roads.
