Plan general 1095513 proposed sections. The scale in left bottom corner is out, only 1/2 scale .The 3 story house in section EE top left is a Z4, 8mt tall. Using the scale it isonly 4 mt tall,also only 2.5mt would need digging out when infact it would be nearer 5mt bringing the foundations down to less than 10mt over a worked coal seam, the ground would need grouting.
