Subject: Planning for 50 houses off Gynn Lane

Dear Kirklees, I am absolutely mortified that planning for 50 houses may go ahead along with 9 houses further up Hall Ing therefore I would like to object. I live in the hamlet of Hall Ing, already the traffic and the speed at which they travel down the hill from the cross roads is horrendous, we have no traffic calming, and no pavements ! It can only be considered as a single lane due to residents cars parking on the lane. Furthermore children cross the road to waiting cars further down in Gynn lane , considering the possibility of a further 120 + cars traveling up Hall Ing, taking children to Farnley Tyas Scool and Thurstonland School , also to the motorways is just a recipe for disaster! We have a 30 miles per hour speed sign which is not easily seen. The drains are already not coping in heavy rains. How are we all going to cope with lorries , dumper trucks etc., which will block the road !!! Please don't allow this , we have ramblers and dog walkers using the hamlet , 59 houses being built will be a terrible disaster . Best regards 120 Hall Ing .
