Consultation Response from KC, Public Health

2025/91370 Land at, Gynn Lane, Honley, Holmfirth, HD9 6LF

REVISED AND ADDITIONAL INFORMATION RECEIVED: Demolition of existing dwelling and erection of 50 dwellings with associated access, infrastructure and associated works

Date Responded:2nd March 2026
Responding Officer: Louise Muhammad
Responding Ref: 2025/91370

I am unable to provide an appropriate Public Health response as the Applicant has not provided enough detailed information. Despite my email correspondence dated 19th June 2025 requesting a re-submission of a Rapid Health Impact Assessment that detailed all mitigations (related to the nine outlined areas) stating where the information could be found if referring to additional documents (name of document and page number/section) this has not been forthcoming.

The 'superseded' HIA is exactly the same as the initial submission (apart from section 5.10 which actually now has less detail).

I do not have capacity to search through all the associated documents and additional material trying to ascertain what mitigations will be put in place as they apply to Public Health outcomes.

Can I ask that the applicant submits their follow up response using the Kirklees Council template as a guide (giving more detailed responses to each of the nine areas). The link can be found below:

Kirklees Public Health Rapid Health Impact Assessment
