Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
The proposed site of the development is in my views fully unacceptable due to the issues bordering the site ie The narrowness of Gynn Lane, hence any Heavy Plant will cause traffic congestion for people who use Gynn Lane on a daily basis and also to take into account is the vast number of parents who drop off there children who attend the local school. This could be an accident waiting to happen. The dyke adjacent to the site is also an issue. Heavy rain immediately as an impact when the water volume in the dyke increases drastically and floods the houses and fields at the bottom of Gynn Lane. This could/will be made worse when Heavy Plant starts excavating the site channeling extra water and maybe pollutants from the heavy plant into the dyke.
