| Having sent in my comments for this development last year along with many others, nothing has changed apart from the number of houses. The problems of all the additional traffic still remains with the road being very narrow and has blind bends which many of visiting cars don't realise and don't slow for them. The lane is also used daily for horses going to the stables just up the road. Also at school times you have many many more cars dropping off and picking up children. | |
