<p>I strongly still object as many of the original concerns have not been met. One of my biggest being the parking at the bottom of the lane where parents pick up and collect their children from school , the safety of the children and the mass of cars parked on both sides of Gynn Lane. It is already a nightmare passing these parked vehicles and watching that children do not cross the road whilst being glued to their phones! The Hamlet of Hall Ing further towards Thurstonland is already a death trap being a ) narrow lane with only enough room for one car due to residential cars parked on the side of the road. It will not be just Honley School but will affect traffic to and from Farnley Tyas, Brockholes School and Thurstonland School. If this application goes ahead I would strongly suggest speed controls be put in place as absolutely nobody notice or sticks to the 30 mile per hour speed limit !</p>
