Dear Kirklees Planning,

I still strongly object to the proposed construction of 50 dwellings at this site above my house at 16a Gynn Lane.
My main concern among many, is the consequent water damage to existing houses and retaining walls in the close downhill vicinity.
Frequent flooding in Gynn Lane bears testament to my concerns.
Annual rainfall is increasing in these years of climate change so the water drainage problem will be further exacerbated.
Building over and covering over natural water retentive grassland meadow, old mine workings and adits is irresponsible.

Yours faithfully,

A concerned resident.
