Application number: 2025/91370	
What is the application for?:	REVISED AND ADDITIONAL INFORMATION RECEIVED: Demolition of existing dwelling and
Address of the site or building:	Land at, Gynn Lane, Honley, Holmfirth, HD9 6LF
Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
I have objected to this application previously, and wish to do so again. Frankly, I am surprised it is even being considered again. Surely the flooding risk, the presence of mine shafts and mining works would be enough to reject this application? Not to mention traffic issues with at least 50 - 100 more cars, and the mess that has been created at the bottom of Gynn Lane, where there previously was no problem, will not help at all. Indeed it only serves to confuse many people and the many posts and railings actually interfere with the view of oncoming traffic especially when turning left. Finally I must mention the wildlife aspect especially in the wooded area where the new access is proposed, and also the ridiculous plan for bin placement on collection days. I sincerely hope this application is rejected.
