Appendix A – Climate Change Statement

Climate Change Statement for Planning Applications

Part 1: Applicant details

Name of applicant/agent	Ruth King - Mirfield Designs
Site Address	695 Leeds Road Huddersfield HD2 1YY
Description of Development	Erection of single storey and two storey side and rear wrap round extension

Part 2: Climate Change Mitigation measures

Please respond to the following questions considering the measures set out in the Climate Change Guidance note:
Q1: What measures have been/will be taken to reduce the energy demand associated with your proposed development beyond the minimum required in Building Regulations? (See section 2)
The development is an extension so does not apply
Q2: What measures have been/will be taken to limit the carbon consumed through the implementation and construction processes, e.g. by reusing existing on-site materials or sourcing materials locally? (See section 3)
Sourcing materials locally
Q3: What measures have been/will be taken to utilise renewable or low carbon energy sources? (See section 4)

The proposal is an extension so does not apply
Q4: What measures have been/will be taken to ensure the building design and layout has been optimised to energy efficiency beyond the minimum requirements in Part L of the Building Regulations ? (See section 5)
The proposal is an extension so does not apply
Q5: What measures have been/will be taken to reduce potential impacts of flooding associated with your proposed development? (See section 6)
Not in a flood risk area
Q6: What measures have been/will be taken to reduce water stress associated with your proposed development? (e.g. Water retention and minimisation measures) (See sections 7 and 8)
the proposal is an extension so does not apply
Q7: What measures have been/will be taken to provide biodiversity net gains? (See section 8)
The proposal is an extension so does not apply
Q8: What measures have been/will be taken to reduce air pollution associated with your proposed development? (See section 9)
The proposal is an extension so does not apply
