## Grounds for Application

### Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

The current building has existed for more than four years without enforcement action, which under planning law renders them immune from enforcement and therefore lawful.

If the buildings were constructed without planning permission but have been in place and used continuously for over four years (for operational development) or ten years (for change of use), they are deemed lawful under the same section of the Act.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Previous owners of 47 Victoria Street did not seek planning permission when building the current garage.

Select the use class that relates to the existing or last use.

B8 - Storage or distribution

### Information about the proposed use(s)

Select the use class that relates to the proposed use.

B8 - Storage or distribution

Is the proposed operation or use

- Permanent  
 Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

As per the street layout the land is used for garages and off road parking, the current garage is no longer fit for purpose and has no planning permission. We would like to construct the steel frame garage there in place of the current building so that we can keep secure storage and parking for our home. We also think it would contribute to the aesthetic of the street and increase property value.

### Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

- Yes  
 No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

- The agent  
 The applicant  
 Other person

### Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

- Yes  
 No

### Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff  
(b) an elected member  
(c) related to a member of staff  
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- Yes  
 No

If yes, please provide details of their name, role, and how they are related:
