<p>I do not support the application for 1 shepherd hut at Barnside Farm. My objection is based on the impact on highway safety and traffic.</p> <p>Barnside is a very narrow road in places, the road also leads to the school.</p> <p>My concern is if this development is permitted, this will set a precedent for further development which will increase traffic and negatively impact the wear/tear on the road.</p> <p>This road experiences issues with flooding in heavy rain, washing stones into the road. Additional vehicle use will impact the road infrastructure.</p> <p>If 1 hut is permitted, future applications are likely to be approved. Previous planning applications for barn conversion into tourist accommodation were refused.</p>
