<p>I am writing to express my support for the planning application for the proposed installation of a single shepherd's hut.</p> <p>In my view, the plans are both thoughtful and sympathetic to the local environment. The proposed hut is to be sited discreetly adjacent to existing farm buildings, which helps to ensure it will blend in well with its surroundings and have minimal visual impact.</p> <p>Additionally, I do not believe there will be any adverse effect on the local highway. Vehicle movements associated with the development are likely to be minimal. It is also worth noting that there is already an Airbnb property within the hamlet, and in my experience, this has not led to any noticeable impact on local traffic or infrastructure.</p> <p>I believe this small-scale development is in keeping with the character of the area and provides a modest opportunity to support the rural economy.</p>
