<p>I fully oppose this site. The road is so dangerous as is without an extra 51 dwellings. I have seen numerous car accidents in the last few years. The speed of the road is barbaric and used as a race track. The paths around the proposed entrance isn't wide enough for an able person let alone any one disabled or with a child.</p> <p>The road structure is bursting with traffic, and small issue in either direction and any motorway causes this road to clog up. Again causing danger.</p> <p>When large vehicle pass the current road house they shake, it's not stable to out further pressure on the environment.</p> <p>The drainage system cannot cope with the current houses. In winter the rain water from the fields floods the current gardens.</p>
