<p>I object to the massive site proposal. When we have the numerous events such as fun fair, circus, pegging etc the road is so dangerous. Car users do not follow rules and park at either side. Leaving the gap too small to get through and a major hazard. Any extra traffic makes this a fatality waiting to happen.</p> <p>Also we have amazing wild life of birds, bats and other animals and creatures. We purchased our property because of the green space around. This will not only ruin the surrounds but de value our property. We have lots of elderly people along the front road, some who have enjoyed the piece for over 50 years. Building an estate at the back of the garden would ruin the last few years they have to enjoy lovely gardens. Instead they will have three dwellings build just feet away.</p> <p>I also worry about the noise, not just the dwellings but the pump station and vehicles.</p>
