<p>I object due to having our private area over looked by a huge number of dwellings. We have a lovely quiet area which is private. I would hate for noise, pollution and odour to affect the character in area many have cared for over many years.</p> <p>Also the design of the surrounding properties is red brick and the current plans would impact the design of the current charm.</p> <p>We have maintained a well established amount of beautiful trees and shrubs and feel building construction will kill off trees that have been around for 70+ years. Protecting our environment and wildlife is paramount.</p>
