<p>The current plans do not accommodate the amount of vehicles which will inevitably need to be parked. For example 2 adult cars, a teenagers car possibly 2 and maybe a work van. Especially in the four bed houses. Houses are not affordable which means families grow and grown up children all need a vehicle.</p> <p>The spare spaces will not accommodate the extra vehicles, let alone any guests extra guests.</p> <p>This will result in people parking on a very busy fast road. People will be in extreme danger and will result in deaths.</p> <p>The area cannot take any more traffic and currently use various side roads to cut the huge traffic.</p>
