<p>The current area to build has failed twice previously, on very good grounds, why would a third application be accepted. No better plans have been provided, if anything they are worse for an every one around.</p> <p>This is a lovely area, and we value privacy, minimal noise, wildlife, a close nit community feel of people looking out for each other. Most long standing home owners.</p> <p>Building a huge amount of large properties will ruin character and charm of the houses.</p> <p>We already have a major housing estate to the left of the land, and another past the traffic lights. The area will be over crowded and cause possible crime, noise, smells, huge traffic problems.</p> <p>Local schools are already full, doctors/dentist can not manage, bin service is unpredictable, local waste site cannot manage.</p> <p>Why build more housing in an over populated area already unable to cope.</p>
