<p>I object to this application for houses to be built on proposed site, the sewage tanks are to be sited on our boundary wall, this land is on a clay bed and floods every year with heavy rainfall, my concerns are if issues with the sewage tanks occur the waste will flood our property. I also worried about the noise as it will be approximately 15 to 20 metres away from our house and 4 metres from our garden.</p> <p>Secondly Leeds main road is extremely busy and an additional 100 plus vehicles from the proposed new site will impact us greatly, we struggle as it is to get on our drive with traffic speeding up and down.</p> <p>The crossroad point from stubley farm lane and Alma lane is already hazardous. Those are the main 2 reasons why I object to this build, I have numerous others regarding, wildlife, removal of trees /hedges and devaluation of our property. I hope the council listens and understands the concerns of the local resident's on Leeds Road, Stubley farm lane and Popeley Road.</p> <p>This proposed site should not go ahead.</p>
