<p>The main road already struggles to maintain a constant flow of traffic at peak times, the traffic islands are used daily by school children and adults alike, the more traffic the more dangerous it will be to cross safely and as we have no local decent bus service with out a good 10/15 minute walk, the proposed build will result in more traffic trying to access an already busy road, which will impact most of us that live in the area extending our commute times resulting in more exhaust fumes polluting our enviroment and local wildlife</p>
