<p>I strongly object to this application , there is already a large housing estate next to the site so obviously an even larger volume of traffic would be a disaster on an already very busy main road (A62) .</p> <p>The entrance to the proposed site would be metres away from a junction which already has its access problems ( Alma lane and Stubley Farm road ) both being single track roads at their entry point .</p> <p>I urge Kirklees officers to monitor the traffic volume around peak times and note just how may commercial trucks and vans pass through every day , any additional regular traffic is unthinkable.</p> <p>This area is a beautiful "green " space for many people including children and the elderly and would be devastating to the local community .</p>
