<p>I have animals near the land on the application and when trying to exit Stubley Farm Road that junction is unsafe whichever way we try to go, more traffic on the road from the application will make it completely unsuitable and more unsafe for me to take my animals on the roads with children. The additional pollution in the air would cause major health issues to one of my animals breathing.</p> <p>The building works would take away alot of their natural shelter, food for them, the stress its causing me already in worry of what would I have to do with them as it would be unbearable to have them living naturally if it went ahead. The additional noise would take away the current peaceful and relaxed feeling which would have a big impact on mental health. Current wildlife around will be have their homes destroyed and it is so nice to see the deers at night, or the rabbits in their natural environment, the swallows around too.</p> <p>A town hall meeting would be ideal suggestion for all residents and local area.</p> <p>I do not want any of my details posted please to protect our safety.</p>
