<p>As the immediate next-door neighbour, I am extremely concerned about the traffic impact of this proposal and the issues it will cause me when accessing my property. Fifty-one houses will likely mean up to 100 extra cars on roads that are already congested. My property sits directly between the proposed new access road and Stubly Farm Road, leading out onto the A62 and opposite Alma Lane.. My driveway is accessed from the A62 Leeds Road, which is already very difficult to pull in and out onto safely. If this scheme goes ahead, I will effectively be sandwiched between two busy roads and across from a third road, making access to the main A62 and from my driveway even more dangerous and almost impossible during heavy traffic times. The local road network simply cannot cope with this extra volume of vehicles without serious risks to safety and without causing my own property to become extremely difficult and hazardous to access.</p>
